# DIPA

Double India Pale Ale

ALC/VOL: 8% | IBU: 75

There's a problem with this beer; it's most commonly available in 12 ounce cans, 16 ounce glasses, and 22 ounce bottles. Of course, if you're lucky you can snag it by the 64 ounce growler. Or even better, the 661 ounce keg or the 1,984 ounce keg. Now we're talkin'. Loads of late-hopping creates massive flavor. Simcoe and Mosaic hops battle for domination on the palate; you win.

# DISCO NINJA

NE-Style Hazy India Pale Ale

ALC/VOL: 7% | IBU: 40

It's a simple universal fact that ninjas are badass. You know what else is badass? Revision beer. Our buddies at Shoe Tree Brewing kicked around ideas with us to develop this tasty, tantalizing, karate chop in your freaking mouth. Kaleidoscopic nunchuck hits to the dome with Citra®, Galaxy, Mosaic® and Amarillo. Stealthily slaying your taste buds, one sip at a time.
